

# Meeting Computational

## Intelligence Applied on Bioinformatic Solutions.

19th September - 20th September, 2016

Federal University of Para - UFPA

Belem - PA, Brazil.

Pre-Registration  
in the website:  
[lghm.ufpa.br](http://lghm.ufpa.br)  
Limited enrollment.

### Topics:

#### 19th September, 2016:

Data Mining: Unary to MultiClass Classification.

Treatment of Absent Data.

Information Technologies to  
Assist in the Teaching  
of Bioinformatic.

#### 20th September, 2016:

GEJ Cancers Classification Based  
on Molecular Fingerprints.

Systematic identification of  
Transcription Factor Allelic binding.

A Computational Approach to Evaluate  
Mutation Effects in Gene CFTR.

Local: Núcleo de Pesquisas em Oncologia

Rua dos Mundurucus, 4487 - Guamá

CEP: 66073-005 Belem -PA. Brazil

phone: + 55 91 3201-6778

### Suport:
